

FREE AT YOUR LIBRARY

Try AI here.

A private, guided experience designed for people who've never used it before. No account, no download, no personal information required.

- **Just ask for a code**
Get an access code at the front desk. Works on library computers and your own phone.
- **Tips built right in**
A coaching panel alongside every conversation helps you ask better questions as you go.
- **Learn at your own pace**
"11 Things You Should Know About AI" — a free self-paced course with hands-on exercises. Available in English and Spanish.
- **Private by design**
No conversations are saved or shared. Built with library privacy standards in mind.

Get started today.

Scan the code with your phone camera, visit the link below, or just ask a librarian.
